

ARCH COMMUNITY LOCK-IN

Parents,

If the flyer besides this information page will let you know the next lock-in and what your teen/young adult will be learning. Lock-ins are no more than 4 participants with 2 adults staying all night. Each lock-in is gender specific. In all programs the teens will create a PSA (Public Service Announcement) explore jobs in the hotel business and two other trainings.

Partners Needed

Hotel Chain, or Host Hotel-we need a place to bring the teens, we would prefer a suite or connecting rooms, the ideal location would also have a meeting room we could use, breakfast and wifi.

Benefits for the hotel, teens will work with staff in the morning to explore different career fields, teens will create a PSA and the hotels logo will be added. MAB SILK PRODUCTIONS has agreed to air all PSA's and any advertising for the hotel on their network "The JPN Network" on the ROKU Channel.

Sponsors Needed

Funding is needed for the entire program, including a lock-in per month. If we do not get a hotel as a partner we will need the following:

2-Rooms 1 suite or connecting room 2 nights each \$150.00 = \$300 each month	\$ 3,600.00
