

Express H.O.M.E. Program

(Helping Others Magnify Education)

Our Mission:

To develop and implement informative educational programs that can benefit a specific person, group or an entire community. Services and programs are implemented through collaborations, a variety of classes, untraditional training, peer-to-peer teaching, workshops, seminars and expositions.

This Project is Personal

My name is Jacqueline Bosby and I am the Founder and Executive Director of Express H.O.M.E. Program, the acronyms actually evolved from Helping Obtain & Maintain Employment (working with the homeless) to Helping Others Magnify Education (working with entire communities). Our goal is to teach or provide programs that can teach high school students how to transition into adulthood.

As stated, this project is personal and my entire family has taken a role in this project to make sure it succeeds. We have family members with Epilepsy, ADHD, and various Learning Disabilities including myself with a Brain Injury.

We are here to make sure our Ashley meets her full potential by helping other students succeed.

The Mental Wealth Center

601 N. Ashley St
Valdosta, Ga. 31602

The Mental Wealth Center (MWC) extended its services in 2021 to include the ARCH Transition (BRIDGE) Program, this program focusses on youth development through a unique wraparound workforce development and specialized training process. This program is coordinated to help the communities' underserved populations. The ARCH Program provided these services to every at-risk teen and young adult including those with disabilities, homeless, low-income, aging out of foster care, or involved with Department of Juvenile Justice. MWC collaborates with individuals, businesses and organizations to ensure those they serve have knowledge and access to the resources that are available locally, statewide, and nationally.

Developed by Express H.O.M.E. Program (JBosby)
8/9/2019 Revised for MWC July 2023

Why We Need Business Partners

For Training

We need employers to help us give real-life hands-on training.

*Following our in-class instructions
We need job sampling placements to see where each trainee fits.*

For Employment

Once our trainees are trained they need actual jobs. Many may be available to only work in an afterschool capacity or over the summer, but we will have some graduating and need full time employment.

How this can work:

- 1) After the initial training our staff will locate employment according to interest and training provided.
- 2) If the participant needs more training, we can provide a job coach to ensure a successful transition to a permanent position.

An Additional Service

Allow us to help you recruit and train your employees through our program.

Call us your staffing unit, let us know if you need to hire someone or have an open position.

Dock Worker Beauty Shop Retail/Sales

Give our trainees a chance, they may have a disability but they are not disabled.

For Funding or Donations

Help Us Raise Funds & Awareness For This Program

Let us setup a table to raise funds at your business...this will help us defray the cost for supplies and meals

Allow us to be added to your payroll deduction program or make a product or monetary donation

All donations are tax exempt

36-3689186

We need help with lunch, so any restaurant or business that can donate meals for up to 15 participants a few days a month...we need you!
